

The Visioneer® Warranty Program is designed to help you get your scanner back to work as quickly as possible, providing customers with immediate options to reduce recovery time from days to hours.

STANDARD MANUFACTURER'S WARRANTY

All Visioneer scanners come with U.S.-based technical support at [925-251-6399](tel:925-251-6399). Over-the-phone troubleshooting is available throughout the warranty period (US & Canada, Monday through Friday from 6am to 4pm PST). Online support for drivers, manuals and parts is available 24/7 at www.visioneer.com/support.

Every Visioneer scanner also includes a Standard Manufacturer's Warranty for personal scanners, with coverage shown below.

Warranty Periods by Scanner Model	
1 year	RoadWarrior™ 3, RoadWarrior 4D, Patriot™ P15, and all earlier Visioneer scanners purchased as new
3 years	Patriot D40, Patriot H60, Patriot H80, Patriot P90, Patriot PD45, Patriot PH70

The standard manufacturer's warranty protects against internal hardware failure due to manufacturing defects. If a scanner is deemed defective by our technical support department, an exchange will be made using a return and replace process. The customer receives an RMA (return material authorization), and sends back the defective unit. A replacement unit will be sent via ground shipping. The customer is responsible for covering the cost of shipping the defective unit, but shipping the replacement unit will be covered by Visioneer. Warranty upgrades are available through our Advance Exchange warranties. Warranties are valid for U.S. and Canada Only.

CareAR® Augmented Reality Support

Visioneer's standard manufacturer's warranty now includes CareAR® Assist augmented reality support. With CareAR® live video support, agents can quickly provide annotated guidance, enabling faster problem diagnosis and resolution diagnosis, while creating an engaging customer experience and keeping everyone safe.
